The department of orthopaedics, MAMC is pleased to conduct the XIXth PG Instructional course from 16th to 18th November 2017.

The course will be beneficial for PG Orthopaedic residents (both MS orthopedics as well as DNB orthopaedics). The emphasis will be on clinical case presentations including long cases of hip and spine and a variety of short cases. The case presentations by the students will be preceded by video/ live clinical examination of the patients by the faculty. Topics related to viva-voce including instruments and implants, musculoskeletal radiology, ward rounds, orthotics and prosthetics, and pathology specimens will be included.

The course faculty consists of senior teachers and seasoned examiners who would be available for discussions and deliberations.

The course fee, as usual, has been kept as nominal in spite of rising expenses and shall cover morning snacks, vegetarian lunch, and tea/coffee on all 3 days.

Registration details are available at www.mamc.ac.in and paperless e-registration can also be done availing NEFT (National Electronics Funds Transfer). We regret that we would not be able to provide accommodation for the outstation delegates.

Course Chairman

Organizing Secretary
